President & CEO
 Brenda Swartzlander

Consumer Advocate
 Paula Pascuzzo, ext. 8501
 Richard Heverley, Editor

Do you know any of these former members?

THE FOLLOWING list contains the names of former members who have unclaimed or uncashed capital credits checks on file with United Electric Cooperative. We are asking for your help in locating these people. In many cases, these members may have moved off our lines and have not informed us of their new address. Please look over the list to see if you know any of these former members. If you find a name familiar to you, please ask either the individual member or the estate executor to contact us personally either by mail at the address below, or by phone at 1-888-581-8969. In order for a check to be reissued, we will need to verify when and where the individual received electric service from United Electric Cooperative (street or road name, previous address, etc.).

When writing us, please be sure to also include the member's current address and a telephone number where the member may be reached. We will follow up on every correspondence; however, our list includes more than 9,000 names so it may take us some time. Please be patient during this process. We ask that you please mail any information to the address below. For fastest routing, please address the envelope to:

United Electric Cooperative
Attn: Capital Credits Department
P.O. Box 688

2017 Rural Electric Youth Tour

ATTENTION – High school juniors

It's time to start planning for the 2017 Youth Tour. This is an all-expenses-paid excursion that draws over 1,700 rural high school juniors from across the country to Washington, D.C., for sightseeing, education and fun in our nation's capital. The 2017 Youth Tour will be held the week of June 11-16. Any junior who may be interested should contact Kristy Smith at United Electric Cooperative at 1-888-581-8969, extension 8507 for an application. All applications must be received at United Electric by March 17, 2017.

"Shine the Light" scholarship program

In keeping with our cooperative principle, which include concern for communities, and education and training for our members, the board of directors of United Electric has decided to reinvest returned, unclaimed capital credits back to the community by providing educational scholarships to our members.

United Electric Cooperative is offering scholarships to members and dependents of members who have been members for at least one year prior to Dec. 31. Scholarships are for advanced education in an accredited university or technical school working toward a minimum of a certificate through a master's degree or higher, and includes adult learners.

Please contact Kristy Smith for applications and/or details.
1-888-581-8969, extension 8507

*Directors and employees of United Electric Cooperative, Inc. are not eligible.
